Worldwide Carbon Capture & Storage Projects

Esri, FAO, NOAA, USGS   Powered by Esri

Emission Control Process

| Industrial |
| Oxycombustion |
| Post-Combustion |
| Pre-Combustion |
| Separation |

### Continent Name, Country Location

All

Overall Status

Status	Count
Active	66
Terminated	33
Completed	30
Hold	16
Potential	10

Count of Company by Emission Control Process and Continent

Post-Combustion — Europe, Asia, North America
Pre-Combustion — North America, Europe, Asia, Australia, South..., Africa, Aus...
Separation — North Ameri...
Industrial — North America, Asia
Oxycomb... — Europe, Asia, North Ameri...

Projects

Continents: North America
Status: Active
Operation Type

Projects 155
- North America 68
- Europe 45
- Asia 27

- Active 28
- Completed 17
- Terminated 15

- Capture 15
- Capture and Storage 12
- Storage 1

Scope

National 57
International 98

Carbon Management Stages

Capture 61 (39.35...)
Capture and Storage 92 (59.35%)
